

EDUCATION CONSULTING

We specialize in providing operational support & capacity in K-12 education.

Enrollment Excellence

- Evaluate & develop a **STRATEGIC PLAN** to enhance enrollment strategies that drive sustainable growth, aligned with your school's mission, resources, and goals to maximize enrollment.
- Provide in-depth analysis to **OPTIMIZE PROCESSES** to effectively achieve sustainable enrollment outcomes.
- Customized **ENROLLMENT TRACKER** to support data-driven decision making.

Strategic Planning for Enrollment Success:

- By conducting a thorough **needs assessment** of your current enrollment processes & tools, market dynamics, and competitive landscape, we will identify **opportunities for improvement** and develop **actionable strategies** to enhance recruitment and retention.
- Effective enrollment management begins with a strategic approach. We will work closely with your school team to develop a **comprehensive enrollment strategy** aligned with your institution's mission, vision, resources, and goals.

Optimize Enrollment Processes:

- We will conduct **in-depth analysis** of current enrollment data & processes, including conversion rates, system fidelity, and retention metrics to identify areas of strength and opportunity.
- By leveraging actionable insights, we will **refine your enrollment strategies and processes, enhance targeting efforts, and help you allocate resources** effectively to achieve sustainable enrollment outcomes.
- We provide **training** to staff on new systems and tools, and can provide **additional capacity** and support.

Enrollment Tracker Design & Implementation:

- Data-driven decision-making is essential for optimizing enrollment processes and maximizing outcomes. You will be able to track & analyze data effectively with a **custom-designed enrollment tracker** tailored to your school's specific needs and objectives.
- From lead to application to registration to re-enrollment tracking, we can **manage the daily, weekly, or monthly updates** to your customized tracker to provide valuable insights into your enrollment pipeline, allowing you to make informed decisions and adjust strategies in real-time.
